

5th Annual
Prescott 200
2-Day Self-Guided Dual Sport Ride
Presented by **COUNTDOWN**
Oct 17–18

One Loop (Start/Finish) out of Prescott Days Inn Each Day

Choose From: 4 All-Day & 2 Half-Day Loops

All Day Loops for Saturday:

West Long Loop: This loop is 95 Mi, takes 6 Hrs + a 10 Mi. 1 Hr optional HW, + Lunch . It has a total of 17 Mi of Single Track. It first goes to the Alto Pit Single Tracks then a very long Single Track over to Tonto Wash. Then north to Fair Oaks Rd, and back South to Skull Valley for Lunch. Then a fast 22 Mi over the Mts. back to Prescott with a fun 2-track finish.

East Long Loop: This is a 94 Mi (57 on Gas), 5.5 Hrs + lunch. It starts with Single Tracks and 2-tracks in Schoolhouse Gulch just south of the Motel, then heads to 7 Mile Gulch for more Single Tracks, then more 2-track, then long graded road to Mayer for Gas/Lunch (Pizza Parlor). After lunch more graded road back to Schoolhouse Gulch then more Single Track to the finish.

Single Track Loop: This is a hard 56 Mi. +15 Mi. of Optional Single Tracks Loop that takes 6.5 Hr. plus a 7 Mi. 30 Min rocky hard Single Track at Walker, plus Lunch at Lynx Lake Café, no gas. It is the same as the East Short loop but with a lot more Single Track. Not recommended for less than high intermediate riders, it will exhaust you.

1/2 Day Short Loops for Sunday:

West Short Loop: The basic loop is 69 Mi, 3.5 Hr. with 10 Mi of Single Track. There are an additional 18 Mi. of optional Hard ways (5 Mi Single Track) which would make it 4 Hr. All plus optional Break in Skull Valley.

East Short Loop: This is a 58 Mi loop with no Gas/Lunch. Probably 3 Hrs. It is the same start as the Long loop but at Walker it cuts across to the after lunch Long loop, bypassing the long graded roads.

Basic Getting Started

Beginners and all 1st time Dual Sport event riders need to verify their bike setup and preparation, learn or confirm their GPS Navigation ability, and determine their level of riding skills and physical stamina. This must be done before committing to any of the longer more serious 2-Day rides. It is not smart or safe to get in over your head. These riders should begin with 1-Day Loop rides such as the Ride-for-Kids or the D37 Lost Coyotes. These rides also offer a much better chance to meet other riders with similar riding skills and experience.

Experienced Rider Getting Started

First time Dual Sport event riders who consider themselves solid Intermediate riders who have actual experience riding at least 25 miles without a break and 75 miles in a day, should try the January Hi Desert 250 Short loops. Before tackling one of the serious 2-Day 250 mile rides, you need to make sure your technical riding skills and more so that your physical stamina is up to the demands of these long rides.

Bike Size vs. Skill vs. Route

All Countdown rides offer a standard **Dual Sport route**, some events offer an **Adv bike route**. The **Dual Sport route** is intended for very experienced Intermediates minimum on <600cc bikes. The **Adv bike route** is suitable for Lower Intermediates on smaller DS bikes <300cc, Intermediates on <600cc, Advanced riders on <850cc bikes, and Experts on Twins.

Countdown Point-to-Point Rides

Point-to-Point rides have a very high level of risk. If you are unable to make it to the overnight, you have a problem with your overnight bag. The days are VERY long, most of the route is far from paved roads, cell service is marginal, and any rescue is very difficult. On many long sections, there is no bail-out, you must finish the section. There are no "Sweep" riders, you and your buddy are totally on your own!

For these reasons:

All riders must enter with, ride with, & be responsible for at least 1 Buddy. No single riders! You must be able to be towed by or tow your buddy for many miles.
