Back to the desert for the post holiday Winter Classic to test all those Big Boy Christmas toys. After LA-B-V, the Hi Desert 250 is the longest running Dual Sport event.

You can choose from five all day loops, three of which can be cut to an easy 1/2 day loop for Sunday. All of the loops can be ridden on Green Sticker bikes by trailering to the College at the south end of Ridgecrest to start/finish your ride. Riders will be spread out on the five loops for no dust (as if there is no chance of snow or rain in January).

New special 1-day easy loop for 1st time Dual Sport riders. It includes full blown Roll Chart and GPS tracks to help beginners learn the art of Navigating without getting in over their head on some hard point to point ride.

# Five All Day Loops

## Husky Loop

The 136 Mi Husky Loop is the 2nd most challenging technical single track and not recommended for >500cc bikes. It is 29 Mi to Joberg for gas then an all new 68 Mi loop to Husky and back that will take at 4-5 hrs for a good rider. Then lunch in Randsburg, and 34 mi back to Ridgecrest. Like last year, it goes Clockwise toward the Husky then to Freemont Peak but on a mostly new trails.

## Rand Loop

The 94 Mi Rand Loop goes Clockwise like last year. It is 32 Mi thru the El Paso Mts to Joberg for gas, then a 30 Mi loop around/through the Rand Mts. on lots of old Enduro trails to Randsburg for lunch. Then 32 Mi back to Ridgecrest. It uses the same out and back (from/to) Ridgecrest as the El Paso Loop, so best to not do both.

## Jawbone Loop

The 135 Mi Jawbone Loop goes Counter-Clockwise unlike last year. It is 72 Mi of typical desert (lots of Whoops) to Jawbone store for lunch/gas. Then 60 Mi thru the El Paso Mts with some Single Track back to Ridgecrest. You can detour thru Red Rock Cyn or detour down the "Waterfall". The last 11 miles are the same as the El Paso and Rand loops. It can be done on a Green Sticker bike but requires following GPS track from College to Bowman Rd to get to the Loop.

## Spangler Loop

The 104 Mi Sangler Loop goes Clockwise like last year. It has the most technical challenging Single Track with miles of hard core Enduro trails. Trust us, it will take all day. GPS is required as there will be no Roll Chart in the Open Ares. If you skip going to Trona for gas/lunch, it is only 93 miles, if you skip riding thru the Pinnacles it is only 60 Mi and both can be done on a Green Sticker bike.

## El Paso Loop

The 104 Mi El Paso Loop goes Clockwise like last year. It uses all the serious Jeep Roads and Single Tracks in the El Paso Mountains. There is No Gas but possible optional food at Robbers Roost (off the trail). There are GPS tracks (not on the Roll Chart) for a detour down the "Waterfall" (adds 5 Mi) and another thru Red Rock Cyn (adds 15 Mi). It also has up to 32 Mi of optional short cuts to speed things up. It uses the same out and back (from/to) Ridgecrest as the Rand Loop, so best to not do both.

# Short Sunday Loops

The easiest/shortest 65 Mi loops are the Husky or the Rand Loop by just riding to Joberg and back, with Lunch in Randsburg. They are similar but go in opposite directions.

Another 70 Mi loop option is the Jawbone Loop but by taking the EW1 cut across from the out track over to the return track past Robbers Roost on Hwy 14.

Another 72 Mi loop option is the El Paso loop with all the Short Cuts.
